5. Stallions will be collected from October 15-December 15 for fall breeding season and from March 1-July 15 for spring breeding season.
6. When the designated mare has been declared safe in foal for at least 90 days, the limited live foal guarantee becomes effective. If the mare does not produce a live foal –one that stands and nurses – SBS will rebreed the mare, or a substitute, for a period not to exceed twenty four (24) months from the original due date, at no additional breeding fee.
7. Mare will be in good physical condition and free of disease and infection or may be rejected by SBS, at its sole discretion. Mare owner shall present SBS with a negative Coggins test and health papers not more than one year old upon the arrival of the mare at SBS. during the contract period. SBS may require an examination or culture from a licensed veterinarian at the expense of the mare owner. Mares left at the farm shall have current vaccinations and dewormings or will be done so at the mare owner's expense.

8. SBS shall not be liable for death, sickness, and/or accident, including consequential damages caused to the mare and/or foal.

9. Should the stallion to which you are breeding become unfit for service, or be sold, SBS shall be released from this agreement, thereby making it null and void, and the mare owner shall be entitled to no cash refund. In the event of this circumstance, the mare owner will be given credit for fees already paid toward another stallion at SBS, if the designated mare is not in foal.

10. Mare owner shall be responsible for furnishing the full and correct name and registration number of the mare to be bred. Any cost resulting in correcting name or registration number on stallion report will be the responsibility of the mare owner.

11. Mare owner is bound by the normal rules, regulations, and policies of SBS, which are incorporated herein as part of the contract.

12. The stud fee is transferable only with prior written approval from the stallion owner.
